A GREAT BATTLE TO BE FOUGHT SOON

The Russians are Reported Still
on the Retreat.

Vessels Emerge From Port Arthur,
But Retire When Japs Spy
Them.

NEWS FROM FAR EAST

Tokio, August 4.—General Kuroki reports that the Japanese have occupied Hai Cheng and the greatest battle of the war will probably be fought there tomorrow. Supplies are being hurried forward from New Chwang. General Oku's force of 50,000 men occupies the front line, Nodzu with 50,000 men holds the left flank and Kuroki with 100,000 the rear. The Japanese have over 300 guns.

AFTER MORE SHIPS.

London, August 4.—It is reported that the Russian auxiliary cruiser Donnal left Baltic Sea in pursuit of one British and two Swedish vessels believed to be carrying five submarines and seven torpedo boats in sections to the Japanese.

STILL DRIVEN BACK.

New Chwang, August 4.—It is reported the Russians at Port Arthur have been driven back to the last line of defense. The Japanese have 350 guns.

DIDN'T WANT TO FIGHT.

Tokio, August 4.—Admiral Togo reports that twelve Russian destroyers and four torpedo boats and several gunboats sailed from Port Arthur Monday night, but immediately returned when the Japanese guards ships advanced.

PEOPLE IN TERROR.

Birmingham, Eng., August 4.—The Post says the people from St. Petersburg give the gloomiest account of affairs there, saying "there is a feeling of terror and insecurity which has never been equalled even in Russia."

RUSSIANS STILL RETREATING.

Tokio, August 4.—General Oku reports that the Russians have been retreating continuously northward since Tuesday.

A SIGNIFICANT SILENCE.

New York, August 4.—St. Petersburg is deeply alarmed for the army of General Kuropatkin. Once more the Russian forces are in retreat, having been forced from Hai Cheng, a town which practically commands the road to Liao Yang. A significant silence has settled down since the news of the evacuation of Hai Cheng, one dispatch adding to the mystery by saying the emperor had received a message containing very alarming information. Nothing could be learned as to the nature of the message.

On the other hand, the Japanese have once more undoubtedly suffered a tremendous repulse at Port Arthur, it being stated that 20,000 fell in an unsuccessful attack on Wolf Hill, one of the strongest defenses of the fortress.

The belief prevails that the blow struck at Kuropatkin, which succeeded, was timed to be delivered at the same moment as that at Port Arthur, which failed.

FALLING BACK ON HARBIN.

St. Petersburg, August 4.—According to a message received from Harbin, General Kuropatkin has ordered the removal from that place of all useless civilians in order to provide the greatest possible accommodation for the winter quarters of the Russian army.

NUNS APPLY.

Paris, August 4.—During the past few weeks 1,300 nuns have applied at the bureau in various parts of France for domestic work. They explain that the closing of convents by the government has left them homeless and penniless.

A FATAL MISTAKE OF THE ENGINEER

Thought Freight Was the Waiting Passenger Train.

Kept Going And Awful Crash Resulted—He The Only One Killed.

CARS DEMOLISHED—16 HURT

Munfordsville, Ky., August 4.—At 11:42 o'clock last night No. 1, the southbound fast passenger train and No. 2, the northbound fast passenger train, had a fearful headend collision at Horse Cave.

The trains were due to meet at Horse Cave and No. 2 was to take the siding and No. 1 was to hold the track way till No. 2 arrived.

The tracks make a curve below the depot and the freight train was on the siding between the trains and Engineer Rehm of No. 1, seeing the head light of the freight train on the siding, mistook it for No. 2, and pulled through without waiting.

No. 2 had not gotten on the siding and a fearful crash followed.

Both engines were thrown from the track and the baggage car and tender of No. 1 were telescoped and the postal cars of No. 2 smashed up.

Engineer Rehm of No. 1, was mortally hurt and will die.

The two firemen and engineer of No. 2 were not fatally hurt.

Sixteen of the passengers were badly hurt, but will all recover.

HIG FIRE.

Herrin, Ill., August 4.—Fire this morning destroyed eleven business houses. It originated from a gasoline stove, loss \$50,000.

FATALLY SLASHED.

Louisville, August 4.—Thomas Haynes, a railroader, while intoxicated, with a razor slashed William Pierce fatally and Arthur Pierce seriously. Haynes was arrested.

SIMPLE CEREMONY.

Philadelphia, August 4.—The funeral of ex-Governor Pattison was held at the residence this morning, with simple ceremonies. The interment was at Laurel Hill cemetery.

STRIKERS WEAKEN

TALK OF MAKING EMPLOYERS
ANOTHER PROPOSITION.

Chicago, August 4.—The talk of a settlement of the strike was revived today. President Donnelly is reported as saying that a new proposition would be offered to employers and it is believed they'll accept. The employment agencies have been notified to discontinue sending strike breakers, many of whom are unsatisfactory. The situation at the stock yards is quiet.

COUNTY SCHOOLS WITHOUT BOOKS

None Can be Purchased in Paducah at Present.

Unusual State of Affairs—The Dealers Ordered Supplies Today.

CAUSE OF THE TROUBLE

The pupils of county schools have been unable to procure books for several weeks. The county schools open in the summer, and thus far none of the books needed have been procurable at the local book stores.

The reason of this was that the American book trust had not decided which contract it would furnish books under. The state of affairs is quite unusual.

The American book company has two years yet of an old contract with McCracken county for furnishing school books. A few weeks ago it secured another contract for furnishing the entire state of Kentucky with books for five years.

The books it was furnishing the county under the old contract are the same that it will have to furnish under the new contract, except that they cost about a third more and that there will be quite a difference in paper and binding. The local dealers refused to order until they ascertained what the trust intended to do.

To illustrate, a number of the books that were being used in the county schools under the contract all but two years of which has expired, cost about one-third more than the same books, furnished under the new contract let by the state, must now be sold for. The difference will be in the quality of paper, and in substituting pasteboard binding for the cloth bindings now on the books. The local book dealers did not know which contract the trust was going to operate under, and refused to order.

Today the trust notified the local dealers that they would furnish books to the county schools under the old contract, claiming it hadn't time to make a supply of the others, which means that the books will be the more costly ones. The dealers then forwarded their orders, and those children in the county who have been waiting for books will soon be able to get them. Next year the trust promises to furnish the books under the new contract. This trouble would not have occurred had the city school board decided to accept the new school book law and not decided to contest it. If the latter had been done the books would have been ordered under the new contract for the city schools and the supply would have been large enough to go around to the county pupils as well. As it is, the county pupils will now have to buy the more expensive books.

Constantinople, Aug. 4.—The porte has warned the embassies and legations to instruct their consuls in Macedonia not to leave the towns without escorts, as the Macedonian revolutionary committees are planning to kidnap or murder a consul with the view of enlisting foreign intervention.

THE FINAL TEST COMES TONIGHT

Council and Board of Aldermen to Vote on Loaning Money.

The Outcome Cannot be Forecast at Present—The Charter Provision

CAN THE MONEY BE LOANED?

The councilmanic board will this evening meet in called session to act on the recommendation of the mayor and finance committee, which is to loan \$150,000 or \$175,000 of the city's bond money to five local banks at three per cent interest, until the administration gets ready to use the money next year.

If the council ratifies the recommendation, it will then go to the aldermen for action, the regular aldermanic meeting to be held after the special meeting of the council.

It is only a matter of conjecture what will be done. Although the general council and mayor may display enough indifference to the law to order the money loaned, it does not follow that it will be loaned.

The charter says of the duties of the city treasurer:

"Section 3132—Bond, Salary, Duties, Depository of City Fund execute bond and receive such salary as the general council shall by ordinance provide.

In addition to such other duties as may be required herein, or may be provided by ordinance, he shall receive all funds of the city and deposit them in the city depository before he shall pay out any of them, and he shall not pay out any sum save on duly authenticated orders, and then by check or order on the city treasurer. The city depository shall be one of the banks of the city, which shall be selected and designated by the city treasurer."

It is plain from this that the money, if city funds, must go through the hands of the city treasurer. He can not loan it, but must deposit it in the city depository, and there it must remain subject to check or order of the proper authorities for the purpose for which it was appropriated.

It is admitted generally by city officials that if the \$200,000 is "city funds" it must be placed in the hands of the city treasurer. If it is not "city funds" no one has ever been able to tell what it is.

It is understood that the city has already been advised by the best attorneys that the money can't legally be loaned, but it is believed that their present action, which is one result of their waste of time in the public improvement matter, is intended to embarrass the city treasurer and make it appear that he has prevented the city from loaning the money, thus seeking to make him the scapegoat for their official sins of omission and commission. As a matter of fact the law requires that the money shall be placed in the city treasurer's charge, and then prescribes what he shall do with it, as seen above.

TO CURE DRUNKARDS.

Milwaukee, August 4.—A cure of alcoholism by properly fitted glasses is declared practicable by Dr. Chalmers Prentice before the opticians' convention. He said alcoholism is due to a nervous derangement.

YOUNG LADY RAN INTO A PROWLER

He Escaped From Her and Got
Away.

Believed To Be A Petty Thief
Who Robs Ice
Boxes.

SEVERAL THEFTS REPORTED

Miss Clara Waynick, the daughter of Mr. J. M. Waynick, of 617 South 11th street, had the experience of walking almost into the arms of a burglar last night about 9 o'clock.

Miss Waynick and her two sisters were sitting on the front porch and their brother, Mr. D. T. Waynick, was sitting in front of the Jones Drug company at 11th and Jackson, a short distance away. A neighbor invited the young ladies over and one of the sisters went into the rear of the house to procure a match to light a lamp. Miss Clara Waynick started in after she had been gone a few minutes and on entering the hall ran into a burglar in the darkness.

The intruder stooped down and slipped out of her grasp. Miss Waynick gave an alarm but the burglar had escaped. The young lady could not see if he was white or colored, but he was apparently as badly frightened as she.

The residents of that portion of the city have been reporting thefts from refrigerators and ice boxes left on the back porches and evidently the burglar is the petty thief doing the work.

FORTY MINERS

ARRIVE AT LEITER'S STOCKADE
TO TAKE PLACE OF STRIKERS.

Zeigler, Ill., August 4.—An engine hauling one baggage car and two coaches, carrying forty Pittsburg miners to take the place of strikers, arrived here escorted by twenty armed guards. The train was backed into Joseph Leiter's stockade and unloaded without interference. One of the guards was shot through the hand while leaving the car by the accidental discharge of his weapon. Leiter accompanied the men. Rapid fire guns were in position and guards centered in the inclosure, all outposts being watched by deputy sheriffs.

FULTON MAN OUT AFTER SIX MONTHS

Ed. Smith Paroled By Pardon
Board

He Shot Captain Hardeman Robinson At Fulton Three Years Ago.

HAD A TWO YEARS' TERM

Ed Smith, of Fulton, who had served six months of a two years' sentence for manslaughter, was yesterday paroled by the board of prison commissioners at Frankfort.

Smith was sentenced for shooting Captain Hardiman Robinson, Illinois Central freight agent at Fulton and captain of the military company, three years ago.

Captain Robinson was walking along the track from work when Smith approached drunk and began firing. He claimed the shooting was accidental, and after several continuances the case went to trial and he got off with two years.

Captain Robinson, after being shot, was brought to Paducah and lingered for a month or longer in the local I. C. hospital.

Smith's wife yesterday went to Ed-dyville and returned to Fulton with her husband.

TWO HEADQUARTERS

SECRETARY CORTELYOU AP-
POINTS COMMITTEE IN NEW
YORK AND CHICAGO.

Chicago, August 4.—Chairman George B. Cortelyou, of the Republican national committee, selected the men who are to serve on the executive committee during the coming campaign. The committee is divided equally between Chicago and New York, four members being allotted to each headquarters. The following are the members of the executive committee as announced by Mr. Cortelyou tonight:

Eastern Headquarters, New York—Charles F. Booker, of Connecticut; N. B. Scott, of West Virginia; Franklin Murphy, of New Jersey; William L. Ward, of New York.

Western Headquarters, Chicago—Harry S. New, of Indiana; Frank O. Lowden, of Illinois; R. B. Schneider, of Nebraska; David W. Mulvane, of Kansas.

Director of Speakers' Bureau, Western Headquarters—James A. Tawney, Minnesota.

The chairman, secretary, treasurer and sergeant-at-arms of the national committee are also officers of the executive committee.

GOV. HOGG

COMPLIMENTS PRESIDENT
ROOSEVELT AND ROASTS
PARKER.

Houston, Tex., August 4.—Ex-Governor Hogg created something of a sensation in the Democratic convention when he made a speech yesterday referring unflinchingly to harmony, criticizing Judge Parker and paying a tribute to President Roosevelt. He said that if Parker should be elected, it could not be told that there had been any change of party in the administration.

Ex-Congressman T. H. Ball arraigned Governor Hogg and was given loud applause, holding a sort of reception after the convention adjourned.

BALL PLAYING IN TOWN.
There is much complaint from the
public of ball playing in the Y. M.
C. A. front yard and unless stopped
something will be done to compel the
boys to discontinue the sport. Yes-
terday Mr. Charles Mason passed the
building and was struck in the head
by a hard baseball thrown by one of

the boys. His straw hat was ruined,
and it was only a few days ago that a
lady was struck by a thrown ball. The
boys are not experts by any means and
often throw wild.

FARNAKER NOT NOTIFIED.
President Thompson has rightly
awarded to Hopkinsville two games
lost to Paducah when Land the sus-
pended catcher was defiantly played
by ex-Manager Jackson. This decision
regains fourth place for Hopkinsville
by a few points.—Hopkinsville New
Era.

If such is the case the league's
secretary has not been notified by
President Thompson as required by
the constitution. Consequently no
change will be made in the standing
of the Bulletin until the notification
has been received.

Every true sportsman in Cairo will
deeply regret the loss of those two
games by Paducah as it shoves the
Champions that much ahead on a
technicality, insuring almost a cer-
tainty that the pennant will land here
barring an accident. The only in-
terest now attached is the fight for in-
dividual supremacy between the two
old time rivals, Cairo and Paducah,
when next they meet this month. We,
of Cairo would much rather have
fought and lost than to win on a
technicality, not of our making nor
to which we laid claim. Paducah is
Cairo's antagonist and we'll fight
them every inch of the way, but
shoulder to shoulder we'll stand
against the common foe when either
is to be wronged.—Cairo Bulletin.

BASEBALL NOTES.
The Henderson Gleaner of Wednes-
day says: Violet will make a good
man with the indicator.

"Potts was benched in the seventh
inning for disputing with the umpire
and Harley was shifted from first to
second. Dugan went to first and
Freeman to left field.

The visitors won the second game of
the series by hard and opportune hit-
ting. Although the locals played a
better fielding game than the Indians
they could not bunch their hits and
consequently lost a one-sided game.
However, the team was crippled by
Bohannon's illness and an entire
change in the infield was necessary.

In the Tennessee-Alabama league
this season are found several of the
old Kitty players. "Big Joe" Per-
cival, and old "Hen" is with Sheffield;
Orr, the Paducah pitcher, is also with
Sheffield; Lynsky and Ferris, for-
merly with Hopkinsville, and "Ducky"
Holmes, the crack twirler for Clark-
sville last year, are with Huntsville;
Boglan, who played shortstop for
Clarksville, and Myatt, who pitched
for the same team last season, are
now with Sheffield.

"Potts made a nice one handed stop
from McNutt's bat in the third in-
ning, but was too late to catch the
runner at first."

NEW COMPANY

Treasurer L. W. Key, of May-
field, Here on Business.

Kentuckians Organize Insurance Com-
pany for Business All Over the
United States.

Mr. L. W. Key, of Mayfield, repre-
senting the Citizens Life Insurance
company, just organized with a capi-
tal stock of \$500,000 is in the city on
business connected with the company.

Many of the most prominent busi-
ness men in the state are interested in
the company and expect to make it
one of the largest in the country.
While it expects to do most of its busi-
ness in the south, it is empowered
under its charter to do business
anywhere.

Ten thousand dollars of its stock is
to be placed in this vicinity, and Mr.
Key is here disposing of it. The di-
rectors of the company knowing that
\$5,000,000 a year is spent in Kentucky
for life insurance and nearly all of it
goes elsewhere, will try to keep some
of it in the state, believing that a
share of the patronage will go to a
home company.

Mr. F. M. Fisher of Paducah is
one of the directors, who number
eighteen and are scattered throughout
the state.

The officers of the company are:
C. B. Norton, president; W. H.
Gregory, vice president and general
manager; L. W. Key, treasurer; C.
B. Nordeman, secretary; Miles M.
Dorson, New York, actuary. The
company has every promise of success.

RURAL CARRIERS

ALL IN SERVICE BEFORE JULY
1 TO GET \$720.

The postoffice department has is-
sued a new ruling regarding rural
carriers. July 1 an increase in salary
was granted the maximum being \$720
a year for all carriers having the long-
er routes and \$600 for those having
the short ones.

The department has now amended
this by making the pay of all carriers
in service prior to July 1, \$720 a year
and the maximum of \$720 and mini-
mum of \$600 is effective for all carri-
ers appointed since July 1.

OLD FORT MASSAC TO BE BEAUTIFIED

Work of Making it a National
Park to Begin.

The Commission to Consider Plans
For Landscape Gar-
dening.

MORE MONEY TO BE ASKED

The national park to be established
on the site of Old Fort Massac, near
Metropolis, will soon begin to assume
shape.

A Bloomington, Ill., dispatch says:
There will be a meeting of the Fort
Massac commission of the state of Illi-
nois in Springfield next week to adopt
plans for the improvement of the park
about the old fort located at Metropo-
lis on the Ohio river in Southeastern
Illinois.

Mrs. M. T. Scott of this city, who
is one of the most active members of
the commission and is vice president
general of the D. A. R., which soci-
ety has been actively engaged in
arousing public interest to the needs
of saving the historic fort from fur-
ther decay, entertained a company of
those interested, at her home in this
city this week and the plans submit-
ted by Prof. J. C. Blair of the horti-
cultural department of the Universi-
ty of Illinois were discussed. His
suggestions for landscape gardening
and improvements were thought ad-
mirable, and they will be submitted
to the state commission next week.
Prof. Blair seeks to preserve every
natural and desirable feature of the
fort and surroundings. He will have
the supervision of the tree and flower
planting, the grading, etc., and he
will personally direct the restoration
and improvements.

The state appropriated the sum of
\$10,000 for the restoration, of which
\$5,000 was to be utilized for a pavil-
ion and monument. The sum is not
large enough for all the purposes sug-
gested, and an additional appropriation
will be asked for next year. This fall
a lodge will be erected, iron gates set
and drives laid out.

NEW MANAGER

MR. W. H. MORRIS TAKES
CHARGE OF THE WESTERN
UNION HERE.

Mr. W. H. Morris, of Knoxville,
Tenn., who has been wire chief of the
Western Union there, arrived last
night and took charge of the local
Western Union office to succeed Mr.
E. A. Roper, resigned. Mr. Morris
has been in the service of the com-
pany many years and is a pleasant gen-
tleman of unusual ability. He is now
in full charge of the office and Mr.
Sam Quisenberry, who has been tem-
porarily in charge, leaves tonight for
Memphis to resume work there. Mr.
Roper, the former manager, who re-
signed on account of ill health, is still
in the city and has not decided which
of the positions offered him he will ac-
cept.

ELEVEN LOTS

Contained in Property Sold by
Dr. Caldwell.

Well Known Citizen Explains Assess-
ment on Hospital Site.

Dr. S. B. Caldwell, who is selling
the city the greatest portion of the
property on which the new city hospi-
tal will be built, stated that the ac-
tion of the council in ordering the so-
licitor to take steps to collect taxes
on the property for a greater figure
than assessed appeared to him to have
a serious bearing on him and his cli-
ents.

Dr. Caldwell does not consider it a
very nice compliment and took the
trouble to explain to a Sun reporter
this morning what a good proposition
he had made the city.

"The property I sold the city for
this new hospital is divided into ele-
ven lots and is assessed at \$1,550, leav-
ing the assessment of the Graham lot
at \$250, if the total assessment of the
property amounts to \$1,800. The
councilman who brought the matter
up in the council and thinks the city
has not been rightly treated should
have taken more pains to investigate
the matter, as I did not sell an option
on this property, but gave the city
the option, which means a loss of \$100
a month to me. Moreover, the lots in
the low portion of the block contain
about \$500 worth of gravel which I
could have sold and I have turned
down many offers for splitting up the
ground and selling it in lots, but did
not because I thought some day the
property might sell for a factory site.
The hospital could not be better lo-
cated and as to my part of the bargain
I sell the city eleven lots for \$3,000
while she has to pay the Graham heirs
\$2,700 for one lot, just one twelfth of
the entire block."

Dr. Caldwell wishes to put himself
right before the public and resents the
action of the council.

OFFICIALS HERE

TELEGRAPH MEN FROM CHICA-
GO IN PADUCAH TODAY.

Mr. B. Weeks, assistant superin-
tendent of telegraph of the I.C., of Mem-
phis and General Foreman O. W.
Stockdale, of Memphis, are in the city
today looking over the dispatching
business. Mr. G. H. Groce, general
superintendent of telegraph will come
this afternoon and this will complete
the full force of telegraph officials.
Mr. Groce is one of those robbed by
bandits out of Chicago a few nights
ago.

The officials are here principally to
look after the transfer of the dispatch-
ing offices to 11th and Broadway.
They like the new location and think
it will be more successful than at the
old offices.

The equipment in the present quar-
ters is much better than it has been
and the switch board is a great im-
provement over the old. Mr. John O'-
Bryan fitted out the board and it is a
credit to him.

FIRE STATIONS

THE NEW TRUCKS ARE TO BE
SHIPPED AS SOON AS
POSSIBLE.

Mayor D. A. Yeiser this morning
received a letter from the Seagrave
Co., at Columbus, Ohio, saying that
the aerial ladder would be shipped
next week and that the trucks would
be shipped this week.

The delay, the letter explained,
was due to strike trouble in the tank
works at Cleveland, Ohio, but the
tanks had been shipped to the factory
at Columbus and the men would work
overtime in order that the wagons
and other apparatus be shipped here
as soon as possible.

Mayor Yeiser will begin imme-
diately, now that something definite
has been learned of the shipment, to
have the local stations ready for the
machines.

BROADWAY PAVING TO BE STARTED

Board of Public Works Orders
Specifications and Bids.

The Steam Heating Company To
Move Its Pipes At Sixth And
Broadway.

OTHER BUSINESS TRANSACTIONS

The board of public works from its
action last night intends to recon-
struct a part of Broadway this year.
It instructed City Engineer Washing-
ton to draw plans and specifications
for the improvement of Broadway
from Fifth to Ninth, and to advertise
for bids for the storm water sewer-
age. Bids for the paving and sidewalk
improvements of the four blocks with
both brick and bitulith compound
will be secured as soon as possible.

The storm water sewerage is to be
constructed first and the steam heat-
ing company is ordered to move its
pipes out of the way at Sixth and
Broadway.

The city engineer was instructed to
take bids for filling the low places on
Clay between Sixteenth and Seven-
teenth streets and prevent the accu-
mulation of water in the locality.

A week's extension was granted for
submitting plans for the market
house, the board not having yet se-
cured plans that suit them. The city
engineer was instructed to prepare
plans and specifications for the exten-
sion of the sanitary sewerage from
Ninth and Jones to Tenth and Jones.
The cost will be about \$125 to the
city, Dr. Hessig agreeing to pay about
\$100 of the cost.

The street roller will be used to re-
pair Washington street from the river
to Ninth, thence to Trimble. There
are 587 blocks in Paducah and about
100 have thus far been overhauled.

A contract for a cart to be used in
following up the street sweeper and
picking up dirt was awarded to the
Paducah Wagon company.

REES LEE HUNG

CINCINNATI PACKET AGROUND
AT THE SISTERS.

The Cincinnati and Memphis pack-
et Rees Lee is aground at Sisters Isl-
and, in the Ohio river, a few miles
above Paducah, and will probably re-
main there until a rise comes, as ev-
ery effort to pull her off has proved
futile.

The Lee was due to pass Paducah
Tuesday but got hung up on the Island
in three feet of water. The Fulton,
which was working for the combine
digging sunken coal, tried to pull her
off but failed. The Fulton arrived
this morning bringing the first infor-
mation as to the cause of her delay.

A Wife Says:

"We have four children. With the first
three I suffered almost unbearable pains from
12 to 14 hours, and had to be placed under
the influence of chloroform. I used three
bottles of Mother's Friend before our last
child came, which
is a strong, fat and
healthy boy, doing
my housework up
to within two hours
of birth, and suf-
fered but a few hard
pains. This lini-

est remedy ever
made."

Mother's Friend

Will do for every woman what it did for the
Minnesota mother who writes the above let-
ter. Not to use it during pregnancy is a
mistake to be paid for in pain and suffering.
Mother's Friend equips the patient with a
strong body and clear intellect, which in
turn are imparted to the child. It relaxes
the muscles and allows them to expand. It
relieves morning sickness and nervousness.
It puts all the organs concerned in perfect
condition for the final hour, so that the actual
labor is short and practically painless. Dan-
ger of rising or hard breasts is altogether
avoided, and recovery is merely a matter of
a few days.

THE LIBRARY

MUCH WORK BEING DONE—DE-
LAY CAUSED BY NO INK.

Miss Mary Etta Street, the cata-
loguer and expert librarian, is getting
along nicely at the Carnegie library
where she is instructing Miss Mamie
Baynum and her assistant, Miss Rubie
Corbett. There are many books to
list and Miss Street is conducting the
librarian and assistant through the
preliminary work.

The failure of dealers to have the
right quality of ink on hand has caused
some little delay in the work of list-
ing the books, but Miss Street has tak-
en to other work and is being kept
busy.

The government shipment of books
is here and ready for listing and also
is the consignment of books donated
by Hon. Charles K. Wheeler. Col-
onel John K. Hendricks donated a
full set of congressional records, a
valuable addition to the library.
There are over one thousand volumes
of books in the library and Miss Street
does not expect to finish the prelimi-
nary work of listing these before the
first consignment of \$2,000 worth
comes from the Wanamaker house in
Philadelphia. These books will be here
this week.

PANIS FACTORIES

BOTH THE LOCAL CONCERNS
MAY CLOSE DOWN SOON.

It is likely that both the Famous
and the Forked Deer Pants factories
in Paducah will close down in the near
future. It is claimed that the busi-
ness could be successfully carried on
with more capital, but the necessary
capital has not been forthcoming.

Mr. Ben Weille says that un-
less more capital is put into the Fa-
mous, which employs 100 people, it
would close down. It is understood it
has already been decided to close the
Forked Deer, which is controlled by
Mr. B. H. Scott.

AT ST. JOHN'S

THE ANNUAL BARBECUE WILL
TAKE PLACE NEXT WED-
NESDAY.

The annual barbecue, which is an
event looked forward to every year
with pleasure by the people in this
county, will take place at St. John's,
this county, next Wednesday under
the auspices of the Catholic church.
It is expected that a large crowd will
attend from Paducah.

THE NEW GENERAL MANAGER.

The United States Gas, Coal and
Coke company has not yet appointed
any one to succeed the late Mr. Her-
bert Thorpe, assistant secretary and
general manager. Mr. George Brown,
however, who has been with the com-
pany for several years, will be named
to succeed Mr. Thorpe, it is under-
stood. Mr. Brown has been in the
business many years and is son-in-law
of the late Major George Barnes, and
is a popular and able young man. The
position is a good one and Mr.
Brown's many friends will be pleased
to learn of his assurance of getting it.

NOW WORKING

DISPATCHERS' OFFICE HAS
BEEN ENTIRELY MOVED.

The local I. C. dispatchers are to-
day working in the new offices fitted
out at 11th and Broadway in the old
freight house, and are greatly pleased
with the location.

Lineman John O'Bryan connected
the instruments up yesterday after-
noon and the transfer was made then
instead of this morning. The train-
master will move this afternoon and
also will the time keeper and yard
office force. There are four rooms fit-
ted out, one for the dispatchers, one
for the time keeper and one for the
trainmaster. One office has been fitted
out for the general yardmaster whose
assistants will be stationed in the shop
and south yards, a new office being
fitted out in the south yards for the
south end of the road.

SMALL BLAZE

ALDEN KNITTING MILLS NOT
DAMAGED, HOWEVER.

A small blaze started in the oxidiz-
ing rooms of the Alden Knitting Mills
on South Eighth street last evening
about 7:30 o'clock, but was speedily
extinguished with little damage.

The blaze originated from a hot box
and the employees of the mill put it
out with water before the fire depart-
ment arrived. The oxidizing rooms
are occupied by huge wicker cylinders
into which the hose and other articles
of manufacture are placed for color-
ing and lint comes from the goods.
The lint is what caught fire and so
speedy was the work in extinguishing
the blaze that no damage was done.

ADMINISTRATION UP A TREE.

The city administration is making
desperate efforts to escape the penalty
of its procrastination in the city bonds
affair. Much valuable time has been
frustrated away since last November.
People protested and the local press
urged and advised, but to no purpose.
For some insupportable reason nothing
was done. The bonds were voted, and
there was a reasonable assurance that
they were to be issued, and that inter-
est would have to be paid on them.

Still time slipped by. The money
is now ready. It will be Paducah's
in a few days, unless by some official
hitch or jugglery it is kept back.
When it comes the question the offi-
cials will have to answer is, "What
shall we do with it?" They know that
even if they could not have secured
the money before now, they could
have been ready to use it now. But
they are not, and they have no reason-
able excuse for it. They have wasted
time, and must take the consequences.
If the money cannot be used now, it
must be safely disposed of until it can
be. If during this period it draws
less interest than the city is paying,
which will mean at least a loss of sev-
eral thousand dollars, the taxpayers
know who is to blame. If it remains
in the city treasury and draws no in-
terest at all it will mean the loss of
about \$5,000—all because the adminis-
tration has neglected its opportunities.
As to the question of loaning the
money, the law must be followed.
The administration is a great stickler
for "law," and has taken a number
of questions into the courts to find out
the law—and always did it to its sor-
row. It must follow the law in this
case no matter what the consequences.
If the taxpayers lose by it, it will not
be on account of the law, but because
of the unpardonable neglect and in-
competency of the officials who have
been plodding supinely along all these
months despite urgent protests and
warnings from those who had the
welfare of the city at heart.

Whatever the outcome, the officials,
not the law, are to blame. What the
law remains to be seen. It is safe
to predict that it will be followed out
to the letter, whatever it is. The
bond money is not to be paid to the
mayor or the council, the aldermen
or the finance committee.

The law does not designate them

the custodians of public funds. The
law gives them no right to dispose of
money except for the purposes for which
it was appropriated—for for streets,
a new market house and a new hos-
pital. They have no right to handle
city funds. They give no bond for
handling public funds, and have no
authority to touch a dollar of public
funds. They can order money col-
lected, but they can't collect it. They
can order it paid out, but they can't
pay it out themselves.

This much made plain to the
public, it is now in order to wait and
see the next move. The mayor and
others who are responsible for the
waste of time are indubitably doing
some tall thinking, but they are not
the only ones.

They are trying to make a grand
stand play now, after wasting all this
time, by attempting to make it appear
that they are doing all in their power
for the city's interest by trying to
loan the money out at interest.

They know they can't legally do it,
and their action is only for effect.
They can learn from their city solicitor
or from any other attorney that they
can't loan out the money, and if it
remains here idle for months and
months it will be their own fault.

A NEW PHASE OF REFORM.

New York is now trying a new and
novel way of conquering the vice of
drink. It is based on the theory of
regulation, a remedy regarded by
many students of temperance as the
only feasible way of obtaining prac-
tical temperance in a country where
men are likely to drink if they want
to. A "model saloon" has been es-
tablished, known as "The Subway
Tavern" by leaders in New York re-
form, the purpose being to serve pure
food and liquors at the lowest pos-
sible prices under the best possible mor-
al conditions. Bishop Potter delivered
the principal address and said that
the keynote had been struck by this
attack on the liquor situation. He
said he believed in the old village tav-
ern as a meeting place where a long
evening could be spent without the
necessity of intoxication.

"I belong to a dozen clubs," he
said. "If I want to go out to dinner
or a social evening I can do so in any
one of these clubs. But what of the
man who lives in two rooms with
five small children? He has no club.
To get his glass of beer with his lun-
cheon he must go to the saloon.

"This is the greatest social move-
ment New York has ever known. It
is a movement every one of you must
take into account if you would save
the republic."

Bishop Potter concluded by wishing
every success to the movement. The
formal opening ended by the singing
of the doxology.

Mr. Hearst seems to have spent his
million or two in a futile chase for
the presidential nomination for noth-
ing, after all. The Democratic party
can forgive a man for turning his lu-
cre loose to help the party, but never
for spending it to help himself! A
New York dispatch says: "Three of
the present Tammany congressmen,
according to present reports, are slated
to be turned down for renomination.
They are William R. Hearst, Ira Ed-
gar Ryder and Francis E. Shober.
Hearst and Ryder and represent dis-
tricts that are safely Democratic.
Shober comes from the 17th district,
where he won by a scratch, on account
of a quarrel among the Republicans
of the district. During the past
spring Shober spoke in Kentucky and
other states in the interest of Con-
gressman Hearst, then a candidate for
the nomination for president."

Governor Vardaman, of Mississip-
pi, who has recently sprung into con-
siderable notoriety that must not be
any more gratifying than it is compli-

mentary to him, will get no sympathy
from decent people. He seems to be a
blatherskite whose name would dis-
grace even a cheap joint in the slum
quarters, and as the Globe Democrat
says: "Manifestly a man like Var-
daman does not deserve any honor at
the hands of the national government
or from any other quarter. The peo-
ple of Mississippi threw discredit on
themselves by preferring him to sev-
eral worthy Democrats who were men-
tioned in connection with the govern-
ment. It is said to be the intention
of Vardaman's friends to start a new
crusade against President Roosevelt
on account of this postoffice matter.
The president and the Republican party
hope that the secessions will do this.
By exciting the enmity of men of the
Vardaman stripe, the administration
furnishes a new reason why it will re-
ceive the plaudits of the American
people."

The Sun during the past 24 hours
did something that is perhaps une-
qualed in the annals of local journal-
ism. It printed all three of the local
newspapers. The Sun was first issued,
and then the News-Democrat, which
had a break-down at its own plant.
This morning, as on the two preced-
ing days, The Sun printed its morn-
ing contemporary, the Register,
which is moving its plant. The work
did not include the setting of the type,
only the printing, but it shows that
the Sun's new perfecting press is as
complete and perfect as can be bought,
and fully demonstrates the comple-
teness of The Sun's mechanical depart-
ment.

POLICE COURT

False Swearing Case Tried There
Today.O. W. Johnson Held—A Number of
Fines Assessed.

O. W. Johnson, the distillery man-
ager, late in the employ of the Hessig
Distilling company was the star de-
fendant before Police Judge Sanders
this morning.

Johnson's trouble dates several
weeks back when he was arrested for
engaging in a dispute with Dr. Hessig
and wife over some alleged in-
sulting remarks the defendant was
alleged to have made about Mrs. Hes-
sig. This case was settled and the
next turn of affairs came when John-
son sued Dr. Hessig for \$900 damages
for breach of contract. Several days
ago this Dr. Hessig swore out a war-
rant against Johnson for carrying a
pistol, which Johnson swore he did
not carry. The court assessed a fine
for the offense and in addition issued
a warrant for false swearing.

This morning the false swearing
case was tried and the defendant held
over under a \$200 bond. Johnson will
execute bond.

The cases against Owen Bros., J. J.
Beckenbaugh and Frank Dunn for
breach of ordinance, were continued.

Henry Ruff, colored, who stole a
rocking chair off a porch in the south
end was given 30 days in the city jail.
The case against Lewis Jones, col-
ored, for a breach of the peace was
dismissed.

Bruce Gilliam was fined \$10 and
costs for being drunk and disorderly
on the streets.

Geo. Powers, colored, was given 30
days in the city jail for stealing a pair
of pants and a shirt.

Jim Mills was fined \$1 and costs for
a breach of the peace.

W. H. Parham was fined \$1 and
costs for a breach of the peace.

The case against Will Corwin, col-
ored, for shooting Platt Sneed, col-
ored, was continued until Sneed can
attend court.

AN UNUSUAL VERDICT.

John James was given fifteen days
in the county jail today on the charge
of selling beer, says the Mayfield Mes-
senger. This is the first instance
where a jury has rendered a verdict
like this. Heretofore the defendants
have either been fined or acquitted,
but this late verdict is a new wrinkle.
It was rendered according however,
to the instructions given by Judge
Webb.

Charles E. Poyntz and James Breath-
itt have been appointed state election
commissioners by Governor Beckham.

THE NEW BRIDGE
OPEN AND PAID FORFiscal Court Held Called Meet-
ing This Morning.The Structure Cost the County
About \$5,000 and Was
Christened.

HAD A BIG TIME YESTERDAY

The new iron bridge over Clark's
river, this county, a few miles from
Paducah, was completed and thrown
open to traffic yesterday, a crowd of
2,000 or more being in attendance.
The bridge was unveiled and chris-
tened, something unique in the his-
tory of bridges in this section.

Judge R. T. Lightfoot made the
dedicatory speech, the bridge was
christened by Miss Mirtie Sullivan
by breaking a bottle of wine, and
named the "Sheehan," in honor of
Justice Jack Sheehan, chairman of the
committee.

Messrs. G. G. Singleton, J. Wheel-
er Campbell, Justice Sheehan and oth-
ers from Paducah made speeches and
among the speakers was a Mr. Smith,
of Texas, who made a fine talk. The
ceremonies were as unique, as they
were enjoyable. There was plenty to
eat, and no intoxicants were allowed
on the grounds.

This morning Judge Lightfoot held
a called meeting of fiscal court at the
county courthouse and allowed the
money for the bridge, which is one of
the finest in the county and cost with-
in a few dollars of \$5,000. It is today
being used and is a great boon to the
people of that section.

Mr. A. J. Dyer, of Nashville, rep-
resenting the Nashville Bridge and
Construction company, was here to
receive the money for the builders.

CASE NOT TRIED

The Charge Against Detective
Put Off Until September.Arthur Boyd, The Mayfield Negro
Shot, Sues For \$5,000 Damages.

The case against Stephen Sullivan,
of Chicago, the I. C. detective who
shot Arthur Boyd, colored, at May-
field last week while the negro was
trying to wrest the gun from the of-
ficer was yesterday set for trial Sep-
tember 1st.

Since the shooting Boyd has sued
the I. C. for \$5,000 damages claiming
that the officer shot him without pro-
vocation. The facts in the case are
said to be that Boyd was behaving
badly on an excursion train and when
Sullivan, who the negro did not know
was a detective, was passed, the
negro grabbed his hat and ran. Sulli-
van gave chase and the negro turned
on him and tried to wrest the de-
tective's gun away from him. Sulli-
van then shot.

Boyd has been laid up, and is said
to be threatened with blood poisoning.
Two charges are pending against the
officer, one for malicious shooting,
and the other for carrying concealed
weapons.

Charles Bosworth was found bat-
tered and unconscious, and died a few
hours later in his room at New Brit-
ain, Conn.

JOKE ON LAWYERS

EACH PARTNER HAD A SIDE IN
THE CASE.

Two prominent attorneys are indi-
vidually telling a good joke on them-
selves as partners in one of the big lo-
cal law firms. The other day one was
out of the city and a certain merchant
dropped in to consult the other about
attaching some property.

"Why, certainly you can attach
and make a good case," declared the
attorney after hearing the facts. So
the firm was employed.

He prepared the papers and attach-
ed the property. The rate owner
started forth as soon as the papers were
served in quest of a lawyer, and hap-
pened to go to the same office the other
man visited. It also happened that the
attorney who had filed the attachment
suit against his property was out, but
the other member of the firm was in.

Neither the lawyer nor the client
knew anything about who was attor-
ney for the other side, and the client
quickly and indignantly told his story
"Beats anything I ever heard of."

He observed the attorney, after he had
heard. "Whoever heard of attaching
a man's property on such a flimsy pre-
text as that! Why, that case won't
last ten minutes in any court." So
he proceeded to file the papers for the
other side. To make a long story
short, in the course of a few days a
very mixed up state of affairs devel-
oped, and it has not yet been quite
settled.

TEXAS RUNAWAY

MAYFIELD PEOPLE INJURED IN
A RUNAWAY IN SAN
ANTONIO, TEX.

Miss Avella Albritton, daughter of
Captain R. T. Albritton, of the city,
was injured Saturday at San Antonio,
Tex., where she is visiting her brother,
Loch Albritton, says the Mayfield
Messenger. She was out driving with
her brother when the animal they
were driving became excited and ran
away. Both were thrown out and
painfully injured. Miss Albritton's
arm was broken and Mr. Albritton
considerable bruised up over the body.
This will be sad news to the many
friends of both parties here. Miss Al-
britton has been there on a visit a
short time.

TWO FINGERS OUT OFF.

Wm. Fuller, colored, an employe
of the Paducah Cooperage company,
was injured this morning while work-
ing at a saw. His right hand was
drawn into the blade and two fingers
taken off. The members were trimmed
and dressed by Drs. Troutman and
Winters.

Attorney Wm. Marble has returned
from Princeton and Eddyville where
he had been on business.

AWARDED DAMAGES

RIGHT OF WAY GIVEN THE CUMBERLAND TELEPHONE COMPANY.

The suit of the Cumberland Telephone company against the L. and N. as owners and N. C. and St. L. railroad as lessee, for right of way down the N. C. and St. L. line from a point about Oaks, this county, to the state line, to establish a long distance telephone system, was decided by a jury in Judge Lightfoot's court yesterday.

The desired right of way was given through condemnation proceedings, but the jury awarded the railroad \$3150 for the right. The telephone company will appeal, claiming that this is excessive. It seems that below the Tennessee line it has been getting right of way for a nominal sum. Bradshaw & Bradshaw were attorneys for the plaintiffs and Wheeler, Hughes & Berry for the railroad. There is no doubt, it seems, as to the telephone company's right to condemn. The rock on which they split was the price to be paid.

AFTER PLAYERS

REPORTED THAT THE PADUCAH MANAGEMENT WILL HAVE SOME GOOD ONES.

It is understood that the management of the Paducah club is going to get several members of the Cincinnati National reserve list. There are some fine players who can thus be secured for a part of the season, at least, and The Sun has a tip that the local management has every assurance it will be able to get some of them.

Paducah must have the pennant, and the quicker she starts in to get it the better. See-sawing up and down day after day does not advance her in the percentage column.

THE CARMEN

HELD INTERESTING CALLED MEETING LAST NIGHT.

Mr. John A. Hill, of East St. Louis, chairman of the joint protective board of the Brotherhood of Railway Carmen, was in the city last night enroute south, and stopped over to meet with the local brotherhood.

A called meeting of the local lodge was held and the affairs of the lodge discussed. The membership of the local branch is the largest within many hundred miles and is in a very good condition. Mr. Hill made a short speech to the carmen, and left this morning for the south.

No grievances were presented or discussed, the carmen having settled all their differences several weeks ago.

The meeting was held simply in honor of the chairman's visit to the city.

HERBINE

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient in to a good condition in a few days.

G. L. Caldwell, M. D., M. K. and T. R. R., Chocoma, Ind., writes, April 1, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. DuBois, Kolb & Co.

NO LOCATION

WOODMEN OF THE WORLD YET TO DECIDE ON CARNIVAL SITE

The executive committee of the Woodmen of the World are to decide some time this week on the site for their carnival beginning September 5th. They have under advisement two locations, one at Twelfth and Trimble and the other at Eighth and Tennessee. Both are near two street car lines but the majority seem to favor the south side site, principally because a carnival has never yet been held in that part of the city.

STOP THAT COUGH!

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable, take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 534 West Fifth street, Salt Lake City, Utah, writes: "We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c, \$1.00. DuBois, Kolb & Co.

MR. SMITH IN CHARGE

W. B. Smith, of Paducah, yesterday took charge of the Western Bank as president, and Christian Stege retired, says yesterday's Courier Journal. Mr. Stege will remain a director however. Three changes were made in the directory to give the new holdings representation. Mr. Smith reached Louisville from a trip through Tennessee.

RHEUMATISM.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liment gives prompt relief. E. W. Sullivan, Prop., Sullivan House, El Reno, O., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, \$1.00. DuBois, Kolb & Co.

I. C. OFFERS \$4,000 FOR THE ROBBERS

Hold up of the Train a Daring Deed.

Many Passengers Forced To Give Up Their Money and Jewelry.

100 DETECTIVES SEARCHING

The Illinois Central is determined to apprehend the bandits who went through a passenger train near Harvey, not far from Chicago, and robbed the passengers. It spares neither pains nor money to bring such offenders to justice, as was demonstrated in the robbing of a train near Wickliffe, Ky., a few years ago, when the culprits were soon behind the bars.

The company has now increased the reward of \$1,000 for the four robbers to \$4,000—\$1,000 for each robber.

Probably 100 detectives are searching for trace of the bandits. Chief Special Agent O'Keefe has sixty men at work and Chief O'Neill and Inspector Hunt have assigned a score of city detectives to assist the railroad squad. All patrolmen of the Chicago department are also on the lookout, and messages have been sent to surrounding cities, villages and towns to watch for the robbers. No exact description of the bandits seems to be obtainable. William H. Birch, the flagman, probably had the best chance to study the men as he was compelled to accompany them on the march through the four cars which were traversed. Birch returned to Chicago and told his story today. From his statement and from talks with the conductor, L. V. Coombs and passengers, the following is the best at hand:

The leader had black hair, piercing black eyes, was of medium height and stocky stature. He was extremely cool, took a drink of water once during the operations, handled his army revolver easily, and ordered his three companions about in no uncertain way. He masked his face with a handkerchief tied over his mouth and nose.

The "second in command" was about as tall and broad as the chief bandit, but was of sandy complexion.

The other two robbers were of about the same build, apparently, as those just described. All four men were perhaps 30 years old and wore greasy, poorly kept clothes.

From the stories told it is confidently believed that the bandits were experienced railroad men, or that their leader was. Flagman Birch heard him drop several remarks that seemed clearly to indicate this.

After the robbery had ended and the perpetrators were at the rear of the train ready to leave the chief turned to the flagman, asked him where the train was at that moment and then ordered Birch to "pull the air," meaning the emergency cord that signals for the brakes.

A complete list of the passengers robbed is as follows:

Arthur Bowles, St. Marys, Ont., watch and chain.

Leonard Christman, St. Marys, Ont., \$22.

William Larvell, Toronto, Ont., \$7.

H. E. Bartlett, Chicago, \$190.

Mrs. A. J. Siegel, Chicago, gold watch and chain.

O. J. Bent, Minneapolis, Minn., watch and chain.

Stephen Coffey, Norwich, Conn., watch and chain and \$150.

Jerome W. Howard, Lansing, Mich., watch and \$5.

Mrs. J. J. C. Brown, Chicago, \$3.

Herman Wertheimer, Chicago, gold watch and chain.

J. E. Croft, Los Angeles, Cal., \$2 and gold watch and chain.

J. W. Miller, Gillespie, Ill., \$2.

THREATENED BOLT

The Kentucky Gazette Not Enthusiastic Over Parker.

One of the Oldest Kentucky Democratic Newspapers Speaks Its Mind.

Lexington, Ky., August 4.—The Kentucky Gazette, now edited by Edmund S. Kinkaid, a relative of United States Senator Joe S. Blackburn, and one of the oldest and most influential Democratic newspapers in central Kentucky, an advocate of Democratic principles, has threatened to bolt the Democratic party and support President Roosevelt.

The Gazette, like many other papers, believes that the Parker telegram was a trick played by the Hill Belmont-Sheehan combine to try the Western contingent that was supporting the candidacy of Hearst or Bryan. In a three column editorial in its last issue the Gazette says, among other striking allegations:

"There is scarcely an intelligent man, we dare say, in the United States, uninfluenced by prejudice and bias, that does not know that Hill and Sheehan were guilty of a base, deliberate and indefensible system of delusion and evasion throughout the entire conduct of Judge Parker's canvass. This palpable method of deception began from the day that he became an avowed candidate and continued during and through all the proceedings incident to the Albany convention and culminated in the gigantic fraud that began and closed with the St. Louis convention. The only possible refutation that Judge Parker can interpose against his connection with this plot is for him to separate himself from Hill, Sheehan, Belmont and that unsavory coterie that are dragging him and the Democratic party down to defeat."

TO OLD POINT COMFORT AND THE SEASHORE, AUG. 13.

A TOUR OF EDUCATION.

The personally conducted excursion to Old Point Comfort, in charge of Mr. W. A. Wilgus, S. P. A., will be run, Saturday, August 13, via I. C. and C. and O. railroads, from Paducah on regular train, connecting with the Seashore Special, leaving Louisville from Union depot, foot of Seventh street at 5 p. m. The round trip rate to Old Point Comfort is only \$18.55 and the tickets are good until August 27.

This is the most popular outing offered the traveling public. Grand and beautiful scenery, invigorating mountain air, surf bathing, ocean voyage, palatial hotel entertainment and a visit to the capital. Stop over privileges allowed returning.

Delightful side trips at low rates. Every attention and courtesy will be extended to ladies traveling alone. Choice of routes returning, between Richmond and Clifton Forge, will be given. For further particulars and sleeping car space, address W. A. Wilgus, S. P. A., Hopkinsville, Ky., or call on J. T. Donovan, Agent I. C. Railway.

ANOTHER RECORD BREAKER.

Mr. T. F. Anderson, who resides about eight miles from the city on the Hinkleville road, saw the article in the Sun day before yesterday about Dr. Lillard Sander's big sunflower, and getting him a tape line he hid himself to his backyard and measured the biggest one of his own he could find. He found one, the flower of which was 15 inches in diameter, the leaf 34 inches long, width 23 inches, and stalk 16 inches in circumference. He did not measure the height, but says the sunflower is close to ten feet.

DARK CONFESSION HELD BY LAWYERS

Man Who Died in Paducah Was Nobleman.

Left a Confession to be Used if it is Ever Needed—Has a Son Here.

DOCUMENT CLOSELY GUARDED

A prominent Paducah attorney has stored within the recesses of his office desk a mysterious confession made by a dying Paducah man several years ago and which if published, would startle a great many persons who knew the deceased, and little suspected that once he lived in regal splendor in Europe and hobnobbed with kings and princes, participated in intrigues and then was forced to flee to America to save his life.

The traces of his former existence had all been about obliterated when he died here in poverty, first sending for the lawyer, in order that his true identity might be revealed and his confession taken for use in case it can ever be of service to his people. The man came to this country under exile for something he had done or some crime he had committed.

He was of royal birth—a nobleman—and desired that his secret be kept from the world so that his relatives in the old country might be spared the disgrace of knowing the circumstances he was in when he died, and also out of consideration he had for his children, one of whom is now living in Paducah, and is not unknown to the police.

When the confession was made, it was with the understanding that the attorney keep it a secret and not give it to the world unless it be absolutely necessary, and needless to say, it has never yet been done.

As a rule women are better than men, but that isn't saying much in their favor.

ALWAYS ON TIME

The Blazed Trail

By STEWART EDWARD WHITE

Copyright, 1902, by Stewart Edward White

CHAPTER XXXIII.

"What is it?" "What is the matter?" "What the—'s up?" "What's happened?" burst on Wallace in a volley.

"It's Dyer!" gasped the young man. "I found him on the boom! He held me up with a gun while he filed the boom chains between the center piers. They're just ready to go. I got away by diving. Hurry and put in a new chain. You haven't got much time!"

"He's a goner now," interjected Solly grimly. "Charley is on his trail—and he is hot."

Thorpe's intelligence leaped promptly to the practical question.

"Injun Charley—where'd he come from? I sent him up to Sadler & Smith's. It's twenty miles, even through the woods."

As though by way of colossal answer the whole surface of the jam moved inward and upward, thrusting the logs bristling against the horizon.

"She's going to break!" shouted Thorpe, starting on a run toward the river. "A chain, quick!"

The men followed, strung high with excitement. Hamilton, the journalist, paused long enough to glance up stream. Then he, too, ran after them, screaming that the river above was full of logs. By that they all knew that Injun Charley's mission had failed and that something under 10,000,000 feet of logs were racing down the river like so many battering rams.

At the boom the great jam was already a-tremble with eagerness to spring. Indeed a miracle alone seemed to hold the timbers in their place.

"It's death, certain death, to go out on that boom," muttered Billy Mason.

Tim Shearer stepped forward coolly, ready as always to assume the perilous duty. He was thrust back by Thorpe, who seized the chain, cold-shut and hammer which Scotty Parsons brought and ran lightly out over the booms, shouting:

"Back! Back! Don't follow me, on your lives! Keep 'em back, Tim!"

The swift water boiled from under the booms. Bang! smash! bang! crashed the logs a mile up stream, but plainly audible above the waters and the wind. Thorpe knelt, dropped the cold-shut through on either side of the weakened link and prepared to close it with his hammer. He intended further to strengthen the connection with the other chain.

"Lemme hold her for you. You can't close her alone," said an unexpected voice next his elbow.

Thorpe looked up in surprise and anger. Over him leaned Big Junko. The men had been unable to prevent his following. Animated by the blind devotion of the animal for its master and further stung to action by that master's doubt of his fidelity, the giant had followed to assist as he might.

"You fool," cried Thorpe, exasperated, then held the hammer to him. "Strike while I keep the chain underneath!" he commanded.

Big Junko leaned forward to obey, kicking strongly his corks into the barked surface of the boom log. The spikes, worn blunt by the river work already accomplished, failed to grip. Big Junko slipped, caught himself by an effort, overbalanced in the other direction, and fell into the stream. The current at once swept him away, but fortunately in such a direction that he was enabled to catch the slanting end of a "dead head" log whose lower end was jammed in the crib. The dead head was slippery, the current strong. Big Junko had no crevice by which to assure his hold. In another moment he would be torn away.

"Let go and swim!" shouted Thorpe. "I can't swim," replied Junko in so low a voice as to be scarcely audible.

For a moment Thorpe stared at him. "Tell Carrie," said Big Junko.

Then there beneath the swirling gray sky, under the frowning jam, in the midst of flood waters, Thorpe had his second great moment of decision. He did not pause to weigh reasons or chances, to discuss with himself expediency or the moralities of failure. His actions were foreordained, mechanical. All at once the great forces which the winter had been bringing to power crystallized into something bigger than himself or his ideas. The trail lay before him; there was no choice.

Now clearly, with no shadow of doubt, he took the other view: There could be nothing better than love. Men, their works, their deeds, were little things. Success was a little thing, the opinion of men a little thing. Instantly he felt the truth of it.

And here was love in danger. That it held its moment's habitation in clay of the coarser mold had nothing to do with the great elemental truth of it. For the first time in his life Thorpe felt the full crushing power of an abstraction. Without thought, instinctively, he threw before the necessity of the moment all that was lesser. It was the triumph of what was real in the man over that which environment, alienation, difficulties, had raised up within him.

At Big Junko's words Thorpe raised his hammer and with one mighty blow severed the chains which bound the ends of the booms across the opening. The free end of one of the poles immediately swung down with the current in the direction of Big Junko.

Thorpe, like a cat, ran to the end of

"Run!" he shouted.

the boom, seized the giant by the collar and dragged him through the water to safety.

"Run!" he shouted. "Run for your life!"

The two started desperately back, skirting the edge of the logs which now the very seconds alone seemed to hold back. They were drenched and blinded with spray, deafened with the crash of timbers settling to the leap. The men on shore could no longer see them for the smother. The great crush of logs had actually begun its first majes tic sliding motion when at last they emerged to safety.

At first a few of the loose timbers found the opening, slipping quietly through with the current; then more. Finally the front of the jam dove forward, and an instant later the smooth, swift motion had gained its impetus and was sweeping the entire drive down through the gap.

Rank after rank, like soldiers charging, they ran. The great force wind caught them up ahead of the current. In a moment the open river was full of logs jostling eagerly onward. Then suddenly far out above the uneven tossing sky line of Superior the strange northern "loom," or mirage, threw the specters of thousands of restless timbers rising and falling on the bosom of the lake.

CHAPTER XXXIV.

THEY stood and watched them go.

"Oh, the great man! Oh, the great man!" murmured the writer, fascinated.

The grandeur of the sacrifice had struck them dumb. They did not understand the motives beneath it all, but the fact was patent. Big Junko broke down and sobbed.

After a time the stream of logs through the gap slackened. In a moment more, save for the inevitably stranded few, the booms were empty. A deep sigh went up from the attentive multitude.

"She's gone!" said one man, with the emphasis of a novel discovery, and groaned.

Then the awe broke from about their minds, and they spoke many opinions and speculations. Thorpe had disappeared. They respected his emotion and did not follow him.

"It was just plain foolishness, but it was great," said Shearer. "That no account junkass of a Big Junko ain't worth as much per thousand feet as good white pine."

Then they noticed a group of men gathering about the office steps, and on it some one talking. Collins, the

HEALTHY MOTHERS.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boschee's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size 75c. At DuBois, Kolb & Co.

OUR MINES

MR. L. C. GARRETT GIVES WEST KENTUCKY A BOOST.

L. C. Garrett, of New York, head of an eastern corporation which owns a lead mine at Paducah, among other properties, was at Seelbach's last night says the Louisville Herald. The mine at Paducah has an output of forty tons of ore a day, from which an exceptional quality of lead is obtained. In speaking of the outlook of Kentucky as a mining state he said:

"Unquestionably there are some extremely rich ores here, and the fact is coming to be more generally recognized every day. I am confident that within a comparatively short time Kentucky will become one of the most prominent factors in minerals in the country. The great quantity of ore here and its fine quality make the question of rapid development only a matter of time."

"Throughout the mountainous parts of the state lead and zinc abound, and other metals are found in smaller quantities. The chief difficulty at present in opening up these fields is the misapprehension under which some eastern and European capitalists labor that Kentucky is a wild and woolly sort of place, inhabited by an utterly lawless people. This false view is probably the fault of the people themselves, who have sought to exaggerate rather than palliate their reputation as braves. It is an unfortunate state of affairs, and it will be remedied in time, I am sure. Then the magnificent resources of Kentucky will be rapidly developed."

Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

What People Say of the Shoffner Sure Cure.

PADUCAH, Ky., March 5, 1903.

To Whom It May Concern: This is to certify that I was a sufferer with indigestion for five years and could get no relief until I bought one bottle of Shoffner's Sure Cure, and it helped me so much that I took six bottles, and it has cured me sound and well, thanks to the Shoffner's Sure Cure.

MRS. JOHN SMEDLEY, 806 S. Third St.

This is to certify that I believe the Shoffner Sure Cure saved my life. I was not able to sit up in bed when I began taking the remedy. I had such a severe cough I thought I had consumption. Physicians had given me up to die. After taking one bottle I was able to sit up some. After using five bottles I was fully restored to health. I cannot say enough in favor of this wonderful remedy for indigestion.

DEMOCRATS UNWISE IN NAMING DAVIS

He Will Cost Them Thousands of Votes.

Parker Will Lose New York On Account of Labor Influences, If For No Other Reason.

LABOR AGAINST THE TICKET

Indianapolis, Ind., August 4.—D. F. Kenney of this city, general organizer for the United States of the American Federation of Labor, says that the Democrats made a stupid and inexcusable blunder when they nominated Henry G. Davis for vice president.

"It is difficult to estimate how many votes Davis will cost the Democrats," said he, "but I am satisfied from my own observations that the number will be very large. Since the St. Louis convention I have traveled over Indiana and visited several other states and I have not met a single Democrat who belongs to organized labor who is going to vote for Davis. Most of them come out flatly and say they intend to support Roosevelt.

"My judgment is that if the election were held now Davis' nomination would cost the Democratic party in Indiana 20,000 votes. I believe that Judge Parker will lose New York state on that proposition alone. New York and Indiana contain a larger percentage of organized labor in proportion to population than any other states in the union, and the harmful effects of Davis' nomination will be felt especially in those two states. In New York the unions are long established and powerful and their opposition to Davis will cut a big figure.

"The Democrats will try to counteract the opposition to Davis by appealing to the race prejudice of the working people. Rabid denunciations of the negroes and declarations to the effect that they should not be allowed to take the place of white laborers will have effect, but hardly enough to amount to much. It will be charged that if Henry G. Davis is as bad as painted, Senator Elkins, his son-in-law, who is one of the foremost Republican national leaders, is equally as bad. The laboring people will not deny this proposition, but their answer will be that Elkins is not running for vice president. If he were he would get the same dose that will be administered to Davis.

"There never before has been a case on record when the Democratic party dared to put such an obnoxious man on its ticket. It is a matter of

general knowledge, which I am sure will be substantiated by the mine workers' national officers, that Davis has fought the mine workers at every point; that he tried to keep organizers out of the West Virginia district and that he instigated the injunctions issued by Judge Jackson, whose decisions are referred to as among the most desperate acts ever perpetrated by any man under the guise of justice.

"Poor Mr. Blakely, the Indiana organizer, who may be seen at the headquarters of the United Mine Workers in this city any day, has a clerical, peaceful look and is the last man in the world who would knowingly do wrong or countenance violence, and yet, thanks to Mr. Davis, he was put in jail and held 21 days in West Virginia. If William B. Wilson, secretary of the United Mine Workers of America and a stalwart Democrat, had not kept out of West Virginia he, too, would have been slammed into jail, and for no other reason than that he was the agent who was furnishing the funds to carry on the work of organization. Certainly a man who would perpetrate such outrages has nothing to commend him to the masses as a vice presidential candidate."

"Then you regard Mr. Davis as an enemy of organized labor?" "I can't regard him in any other way. If you oppose some things a man asks for you are not opposing him, necessarily, because those are matters upon which opinions differ, but when you oppose a man's right to organize you oppose him fundamentally. Mr. Davis has gone into the courts and secured injunctions and then imprisoned men for doing nothing except trying to organize in a mild way."

A NOTED BAND

MORE ABOUT THE MUSICIANS IN CHARGE OF CAPT. SAFFARRANS.

A St. Louis dispatch to the Courier-Journal says the Second United States Infantry band in charge of Captain G. C. Saffarrans, formerly of Paducah, Ky., who called at the Kentucky building today to pay his respects, is composed of thirty-four pieces, and is the second oldest regimental band in the regular service, having an authentic history dating back to 1791. It has been present on many battlefields, including Tippecanoe. It marched with Scott on his invasion of Mexico, was present at the battles of Vera Cruz, Cerro Gordo and the City of Mexico. It was in California during the gold rush of '49. It played on the fields of Bull Run, Antietam, Chancellorsville and Gettysburg. It was present at the famous charge at San Juan Hill, witnessed the fall of Santiago and was in numberless skirmishes in the Philippines. Visitors to the Kentucky building greatly enjoy the privilege of listening to such a musical organization.

KILLED IN BOX CAR

DETAILS OF THE DEATH OF YOUNG SAMMIE ROSENBLATT.

Details were received in the city last night of the death near Toledo, O., of young Sammie Rosenblatt, son of M. Rosenblatt, of Paducah. It seems he got into a box car on the Hocking Valley railroad to steal a ride and the car was closely packed with lumber. He was caught and killed by the timber as the train ran along, and was discovered by a car inspector who saw the blood. Letters were found in his pocket revealing his name and indicating that he had been away from home about a year on account of some misunderstanding with his father. The boy was about 17 years of age and the body is still being held.

WORKMAN HURT

SOME ONE THREW A KNIFE AT HIM—STUCK HIM IN BACK.

Joe Harrigan, an employe at Keh-kopf's collar shop, was painfully hurt about 1:30 o'clock this afternoon by being cut in the back. Another workman threw a knife at him, and it hit him in the thick muscles of the back and cut almost to the hollow. His injuries were dressed by Dr. D. T. Stuart, and the injured man was taken to his home at Sixth and Campbell streets.

Mayfield Elks Arrive as Guests of Paducah Lodge.

Met At The Train And Brought In On Special Car—Social Tonight.

Today at 12:30 a large delegation of Mayfield Elks arrived to visit the Paducah lodge and the visitors were met at the depot in a special street car by the reception committee of the Paducah lodge and taken to town.

City Clerk Henry Bailey is chairman of the reception committee which is composed of the following:

Messrs. L. A. Lagomarsino, Charles Weille, Alex. Storrie, Geo. Goodman, Dick Ashbrook, A. W. Grief, Dick Clements, Jesse Loeb, and H. O. Farnham.

A special street car was assigned to the committee which left Fourth and Kentucky avenue at 12 o'clock. Tonight a social session of the local lodge will be held after the regular lodge meeting has been concluded. County Attorney Eugene Graves is on the entertainment committee and this afternoon late the visitors will be taken all over the city in automobiles.

This is the first time the local lodge has been visited by the Mayfield Elks in several years and the members intend to make it a memorable visit.

SIVOUTCH BLOWN UP.

London, August 4.—The Daily Mail this morning has the following from New Chwang under date of August 3: "The Russian gunboat Sivoutch, which has been in the Liao river since the beginning of the war, has been deserted and blown up near Sancha and the crew with the vessel's guns have started for Liao Yang. The Japanese gunboats went on Monday to reconnoiter the position of the Sivoutch and were fired upon."

A dispatch from New Chwang July 30 said it was reported that the Sivoutch had been destroyed at a point thirty miles up the Liao river. On July 29 a Tokio paper reported that the Sivoutch had been captured by the Japanese.
